SKILLS

JavaScript	*jQuery*	*PHP*	*HTML*	*GIT*	*Shopify*
Ruby on Rails	*Cordova*	*CSS*	*NPM*	*API*	*WordPress.org*
ReactJS	*MongoDB*	*Bootstrap*	*Bash/Shell*	*Twilio*	*Square Space*
React Native	*PostgreSQL*	*SCSS*	*Bind 1 & 2*	*Passport*	*Heroku*
Redux	*SQLite*	*Material-UI*	*Express*	*React Sagas*	*Gatsby.js*
Java	*SQL*	*Handlebars*	*Underscore*	*Android Studios*	*Netlify*
Backbone.js	*Node.js*	*Puppeteer*	*Scrum Master*	*XCode*	

LANGUAGES

French – *fluent DALF* C1 /studied for 6 years-lived in France for 3 years. Continued practice.
Spanish –*average proficiency* / studied for 2 years. Continued practice
Chinese –*beginner* studying. Low level understanding.

EXPERIENCE

September 2018 - *Present* – **Sisyphus Industries**
Full Stack Engineer/Developer / *Production Manager Sisyphus App & Web*
- Application written in ECMAScript 6, Node.js, BackBone.js, Cordova, and Ruby on Rails. SQLite3 and Apache /AWS for database management.
- Phone app used for control of the Sisyphus tables and track/art-media management.
- Maintenance of application, updating packages, platforms, dependencies, and plugins, regression-testing, UI changes/front end management, and bug fixes.
- Responsible for app release management through X-Code and Android Studio.
- Responsible for all front-end design, maintenance and bug fixes.
- Created a web application for sharing files/tracks using Ruby On Rails for the web app and Apache/AWS for hosting.
- Built testing grounds in Puppeteer.
- Work with Raspbian (version 8 / jessie) for Raspberry Pi's.
- Use Git Hub for version/source management and Trello for project management.
- Personal Goal: To move app into React Native.

September 2018 - *Present* – **Lemonade Creative**
Freelance- Front-End Developer
- Build out of websites from scratch and launching them in the Shopify platform.
- Primarily use HTML5, SCSS, CSS, ECMAScript 6 / JavaScript, jQuery, and Liquid.
- Using Bit-Bucket for version/source management and ActiveCollab for project management.
- Part-time work when available.

- Personal Goal: To not have to work 2 jobs.

March 2018 - *Present* - **OnTheTable LLC**
Full Stack Software Development / Personal project
- This is now used as my LLC for side work.
- I have built out SPA and collaborated on full-scale websites using React, Liquid, and PHP.
- WordPress, GoDaddy, Shopify, Contentful and Netlify for CRM and deployment.
- Tools used- MySQLWorkBench, Postgres, Postico, MAMP, React Dev Tools, Sketch, Mock, Balsamiq, Adobe, and of course Microsoft Office.

- Application for ordering food and apps to be "*OnTheTable*" when you arrive for your reservation.
- Ability to login, create new user, search restaurants in the Twin City area and their menus, edit, delete, and update orders. Also, the ability to send order to your phone and restaurants through Twilio.
- Admin Side with CRUD (create, read, update, delete for menu and users.
- 2 Factor Authorization for new accounts with verification email using Nodemailer.
- Technologies used: ReactJS, Redux, Sagas, JavaScript, PostgreSQL, Node.js, Express, OpenMenu API, and Passport
- Continued building with collaborators.
- Personal Goal: Moving to React Native

GUSU2Cure (Get Up Stand Up 2 Cure)
Group Collaborated Project in school
- *GUSU2Cure* (Get Up Stand Up 2 Cure)
- Ability to add location tags and data to markers using Google Maps API . Users will then have the ability to add research/article tags with location, CRUD. Admin page for approval of additions to page and user profile with edit capability for post.
- Client Contact, Research & Development on project.
- ReactJS, Redux, Sagas, JavaScript, PostgreSQL, Material-UI, Passport, Node.js, and react-google maps, SweetAlert2, Nodemailer.

*March*1998-*2018* - **Restaurant Industry**
Server / Bartender / Trainer / Manager
- Restaurants (Minneapolis, St. Paul, St. Louis) – Smack Shack, The Lexington, Sparks, Arezzo Ristorante, Chambers, Fhimas, Capitol Grille, Bonaparte's.
- Full-time and part-time work over the years. Extensive knowledge in customer service, on hands training, sales, daily management of restaurant and staff, production, purchasing and event planning.

September 2012-*August* 2015 - **Yeadon Fabric Domes LLC**
Production Manager / Service Coordinator/ Service Technician
- Service coordinator for United States and Canada. Responsible for coordination of job site planning with clients and service technicians, travel and lodging, equipment rental, subcontractors and staffing of temporary labor.
- Logistics coordination of outbound shipping from the factory and coordination of direct and indirect inbound shipping from suppliers throughout United States, Canada, and Europe.
- Purchaser for necessary dome hardware, factory supplies, and office supplies.
- Estimating and Contract Proposals for all service, new installs, and our annual "Put-Up's" and "Take-Downs".

- Service Technician for the first 2 years of employment. Traveled extensively throughout the United States and Canada. Supervision for new installations, emergency services, "put-up's" and "take-downs", and inspection.

August 2009 - *February* 2012 - **Brown Brothers Remodeling /Design Build Consultants**
Sales Representative/ Production Manager/Customer Relations
- Sale Representative of bathroom and kitchen remodeling. Consistently sold over 20,000 in sales each month.
- Production manager and purchaser for future projects. Extensive work with vendors and customers to ensure quality and customer satisfaction.
- Trade Show coordinator and sales representative at shows. Responsible for gathering leads, handling product inquisition, and scheduling appointments as well as the set up installation and break-down of displays.
- Data entry for lead software database, worked with developers in building/maintenance of company website, financial tracking and accounting with QuickBooks.

EDUCATION

Oct 2018	**SCRUM Certification**	Minneapolis, MN.
	Professional Scrum Master Certification I	
2018-2018	**Prime Digital Academy**	Minneapolis, MN.
	Full Stack Engineering Certification	
2000-2003	**Lindenwood University**	St. Charles, MO.
	International Business / French	
1995-1996	**Southwest Missouri State**	Springfield, MO.
	Undergraduate coursework	
1996- 1997	**IFALPES** (Institut Français des Alpes)	Annecy-le-Vieux, France
	Intense French Course Work (B1)
